REQUEST FOR QUALIFICATIONS

TO: DESIGN-BUILD TEAMS

FROM: Tim Mason, Administrator

SUBJECT: DPW PROJECT NO. 15310
Wildlife Research Laboratory
Department of Fish and Game (IDFG)
Eagle, Idaho

Submittals will be received at the Division of Public Works, 502 N. 4th Street, P.O BOX 83720 Boise, ID 83720-0072, until **August 5, 2014 at 5:00 p.m.**, for furnishing design-build services to the State of Idaho.

An informational meeting will be held at the existing Wildlife Research Laboratory, 16569 S. 10th Ave., Caldwell, Idaho (Phn: 454-7646) on July 28, 2014, 10:00 A.M. local time to clarify and answer questions regarding this RFQ, followed at 1:00 P.M. by a site tour at Eagle Island Fish Hatchery, 1800 Trout Rd., Eagle, Idaho (Phn: 939-4114). IDFG Staff will be present to answer questions regarding their operation and this project. The existing lab will be open for viewing following the question/answer period. This will be the only time the lab and site is available for viewing. Other questions that arise as a result of this Request for Qualifications should be addressed to:

Barry Miller, Project Manager
Division of Public Works
502 N. 4th St., P O Box 83720
Boise ID 83720-0072
(208) 332-1916
barry.miller@adm.idaho.gov

Attendance at the informational meeting is strongly encouraged in order that all questions can be answered in an efficient manner.

The project will be funded by state and federal grant funds (Davis Bacon Wage rates do not apply). The Division of Public Works will administer the project according to the terms and conditions of the award and State laws and guidelines. The Design-Build Team will receive general instructions through the State. A Project Manager of the Division of Public Works will be assigned to serve as project manager and liaison between the Department of Administration, the Agency, and the Design-Build Team during the Design Phase and a Field Representative of the Division of Public Works will be assigned to serve during the construction phase.

DESCRIPTION OF PROJECT

The scope of work is to construct an approximate 4,000 s.f. research/laboratory building and an adjacent storage building on property adjacent to the Eagle Island Fish Hatchery. The successful design-build team will assist the DPW and IDFG to evaluate the most effective use of available funding with respect to building design, interior/exterior materials, structural system, utilization of existing equipment, etc.

REQUIRED SERVICES

The State is requesting submittals for complete design and construction services.

The Design-Build Team will be responsible for the Design Phase (Program/Pre-Design, Schematic Design, Design Development) with cost estimates at each phase and Construction Phase (Construction Documents, Construction). All work shall be in accordance with currently adopted Building, Electrical, Mechanical, Energy and other applicable codes.

A total project budget of \$1,300,000 has been established to include fees, construction, contingencies and tests. A complete construction cost estimate will be required at the conclusion of the Design Development phase. This estimate when approved will become the Maximum Contract Price.

A project manual and finish board will be required at the completion of the Design Phase. The project manual shall include product, equipment and fixture cut sheets. The finish board shall include materials/samples for all interior and exterior finishes.

A relatively complete construction schedule and schedule of values will be required at the completion of the Design Phase and must be kept up to date throughout the construction phase.

The Design-Build Team shall make a minimum of one (1) presentation to the Permanent Building Fund Advisory Council and shall keep in mind that during both phases of work, code compliance, energy efficiency, and building maintenance concerns should be incorporated into the project.

The Design-Build Team will be required to meet monthly with the Project Manager and/or Field Representative for the purpose of providing a verbal report regarding the previous month's progress. Such monthly meetings will show funds expended in the completion of the project and specific accomplishments related to the completion of the project.

The Design-Build Team shall produce the following major written products for review by the State and/or Permanent Building Fund Advisory Council (PBFAC).

1. A written Program/Pre-Design statement to the Division of Public Works and Agency at the conclusion of Programming.
2. A preliminary report to the Division of Public Works and the Agency after the Schematic Design phase has been completed.
3. A Design Report and update to the Owner, Agency and the PBFAC, after Design Development phase has been completed, to include complete material/color board, product, fixture and equipment cut sheets, recommended construction schedule and a final schedule of values.
4. A final report at the conclusion of the Construction Phase to the Owner, Agency to include complete as-built documents and electronic files, O&M Manuals and training video/DVD.

QUALIFICATION STATEMENT CONTENT

- A. **Basic Qualifications:** Provide basic data (both Architect and Contractor if separate firms), relative to firm's size, history, personnel, special expertise and general credits. Individual resumes, awards, associations, etc., may be included. Office brochures may be submitted separately as supplemental data.

Include contact information (Name, address, phone number, email address) for a single entity that will be the point of contact during the selection process.

The Division of Public Works reserves the right to investigate and confirm the candidate's financial responsibility. This may include financial statements, bank references and interviews with past consultants, employees and creditors. Unfavorable responses to these investigations are grounds for rejection of proposal.

- B. **Specific Qualifications:** List the team (Contractor, Architect, Civil Engineer, Mechanical Engineer, Electrical Engineer and Structural Engineer, etc.) expected to accomplish this project. Describe who will perform the various tasks, the amount of their involvement and responsibilities, and give their qualifications. Provide a list of at least five (5) projects, with brief descriptions, which show ability to complete projects of this scope.
- C. **Approach to Project:** Include a statement of your team's approach to this specific project, including design philosophy, understanding of program, alternative concepts and methods for consideration, as well as concepts for construction staging. Limit to five pages.
- D. **Past Performance:** Submit reference letters from prior clients or client representatives. Letters from projects listed in item B are preferable. Make specific reference to past performance of the "Team". Note: The DPW will obtain independent reports of past performance on DPW projects from DPW and Agency staff.

- E. **Examples of Work:** Renderings, photographs, preliminary drawings, may be submitted as examples of your work. For Contractors and/or Architects who have done work for the Division of Public Works in the past three years, a reference to the project or projects will be sufficient in lieu of examples. Include specific information regarding work completed as a "Team".
- F. **Special Requirements:** Provide information regarding specific involvement with this project or a special expertise in this type of project. Examples are: design of, special training in or experience with this type of building, work on other DPW or IDFG facilities.
- G. **Format:** To assist evaluation it is desirable to format the proposal similar to the headings listed above. The submittals should be clear and to the point. Emphasis should be placed on specific qualifications of the people to actually perform the project and the approach to designing and building this specific project. Performance of this "Team" on past projects with the State of Idaho and other clients is a highly important factor

Submit five (5) copies of the submittal.

EVALUATION

An evaluation committee consisting of persons from the Division of Public Works, Agency and an independent architect/engineer/contractor will rank the submittals, and at least three (3), but not more than five (5) teams may be selected for personal interviews.

After interviewing the selected design-build teams, the evaluation committee will re-rank the teams to determine the final point score. There will be no Request for Proposals (RFP) phase.

AWARD

Based on the results of the submittals and review of previous projects awarded to each firm, the Division of Public Works will recommend a course of action to the PBFAC at their next recent meeting. If recommended, the Division of Public Works, Department of Administration in accordance with prescribed procedures, will issue a notice of intent to negotiate.

PROPOSED DATES:

Informational Meeting	July 28, 2014
Receive Submittal	August 5, 2014
Oral Interviews	August 19, 2014
Review by PBFAC	September 9, 2014
Negotiate Contract	September
Design presentation	to be determined
Substantial Completion	to be determined

SELECTION

The State will attempt to select a firm at the next scheduled Permanent Building Fund Advisory Council meeting. Upon selection of a firm, the State will issue a letter of intent. However, final award is contingent upon the successful negotiation of an Agreement.

The contents of the submittal may be used in a legal contract or agreement. Candidates should be aware that methods and procedures proposed could become contractual obligations. The successful firm will be required to sign an agreement including the State's standard terms, including a requirement to carry and maintain a minimum of \$1,000,000 professional liability insurance coverage.

The State reserves the right to reject any or all submittals received as a result of this request.

The State may also negotiate separately with any source in any manner necessary to serve the best interests of the State of Idaho. Awards will be made on the basis of submittals resulting from this request and subsequent interviews. Design-Build Teams must have design professionals licensed by the State of Idaho and the constructors must have an Idaho Public Works Contractor's License to submit on this project.
