ADDENDUM NO. 1
DPW 16-061
Waste Water Upgrades, Phase 2
REQUEST FOR QUALIFICATIONS (RFQ)
North Idaho Correctional Institution, NICI
Idaho Department of Correction (IDOC)

This addendum dated November 17, 2016 is for all person preparing Qualifications for the above-named project and as such shall be made a part of the proposal for complete design services including observation during construction.

The responders to this RFQ shall acknowledge the receipt of the Addendum as part of their submittals.

Marti Miller, PE
Project Manager
Division of Public Works (DPW)

ADDENDUM NO. 1
DPW16-061 - RFQ

The following is the response to the questions that were asked at the informational meeting on site at NICI on November 15, 2016 2:00 p.m.

1. **Will this Phase II project include an investigation of the sewer discharge line?**
 - a. ANSWER: Following the selection of the Design Professional, a project scoping meeting will be scheduled with all stake holders namely, the Department of Correction, the Design Professional, and DPW Project Manager to discuss design parameters and to address any other concerns raised by the team.

2. **Is there an accommodation to inspect the grinder at the head of the line and determine if it needs any servicing? NICI is concerned that the equipment may need rebuilt.**
 - a. ANSWER: Refer to #1 above.

3. **Is there an environmental assessment available for the engineers assembling their RFQ submittals? If Forsgren is including this with their preliminary planning study, is that information available to the engineers?**
 - a. ANSWER: No, an EA was not required because this project is not a Federal funded project. It's totally funded by PBFAC.

4. **There are to be five RFQ submittals provided. Is there to be five copies of the examples of work? Is it okay if those are provided digitally (CD or flash drive)?**
 - a. ANSWER: Only 1 copy of the examples of work is required and it can be a CD or a flash drive.

END OF ADDENDUM NO. 1

MEETING SIGN-IN SHEET

Project: DPW16-061 Wastewater Upgrade Phase 2
RFQ Site Visit

Meeting Date: Nov. 15, 2016

Facilitator: Richard Brien

Place/Room: Cottonwood, ID

Project Manager: Marti Miller
