Sealed proposals will be received by Andersen Construction Company on behalf of the Division of Public Works, State of Idaho on **BuildingConnected**: <https://app.buildingconnected.com/public/547fb31fc53dad04001543ac/projects/623496fd352dbf00acd50a11> , until **2:00 PM MST, Tuesday, April 5, 2022**, for DPW Project No. 21-190 Boise State University Science Building Lab Renovations

Project: BSU: Science Building Labs Renovations / Upgrades, REBID, Boise, ID

The Science Building at Boise State University has been going through a phased remodel and update of existing laboratories that still have original casework, fume hoods, and miscellaneous finishes. Updates include, but are not limited to, new casework, sinks, emergency equipment, lab resistance counter tops, and modern fume hoods as well as HVAC integration to updated building exhaust system. The project scope includes remodeling of two (2) existing chemistry labs on the 3rd floor of the Science Building at Boise State University (305 and 308). The work in these two labs involve demolition of casework, installation of new casework and associated utility work. These two labs need to be completed during a summer build period of approximately 3 months (May – August) to remain online during fall and spring semesters due to student load and curriculum. There will be alternates throughout the 2nd and 3rd floor for upgrading and integrating new fume hoods.

This is rebid for the following packages: Selective Demolition, Roofing, Painting, and Fire Suppression.

Proposals will be opened and publicly read at the above hour and date.

Plans, specifications, proposal forms and other information are on file for examination at the following locations:

- Andersen Construction Co., 12552 W. Executive Dr., Boise, ID 83713 (208) 275-8905
<https://app.buildingconnected.com/public/547fb31fc53dad04001543ac>

A Public Works Contractors License for the State of Idaho is required to bid on this work.

Work will be awarded per bid packages (Contract). All bids must be a lump sum basis for each designated bid package: segregated bids will not be accepted.

Estimated Cost: \$1,120,000
