REQUEST FOR QUALIFICATIONS (RFQ)

ADDENDUM NUMBER TWO

TO: Design-Build Teams

FROM: Martin Santoyo, DPW Project Manager

SUBJECT: DPW PROJECT NO. 23201
North End Zone, Albertson's Stadium
Boise State University (BSU)
Boise, Idaho

Please note the following two items:

1. The **Description of Project** on pages 2 and 3 and the purpose of the AECOM illustrations are intended to provide a general overview of the project only. The most cost effective and efficient methods for completing the project for the required schedule while ensuring that Boise State University's intended goals will be developed through the design and construction processes. Proposers are encouraged to address their strategies in Criteria C, "Understanding of the Project Scope and the Project Site," such as pre-fabrication, procuring long lead items, implementing a phased approach, partial substantial completions, etc.
2. Clarification, Criteria E.
Please note the following clarifications that are highlighted, bold, and underlined:
E. **Three Design-Build Project Examples, 15 points maximum (point scale is 0-5 points for each example with a maximum of five points per project example; the project examples should convey a sense of value for the type of architecture needed for the project; an ideal example that conveys the spirit for promoting Boise State).** Provide renderings and/or photographs of three (3) design-build project examples. One design-build project must be for the proposed architect. **If the examples are not a design-build project, then the points for this criterion could potentially be affected.** The examples must be labeled with the person(s) on the team who performed the work, **and the delivery method; e.g. design-build, design-bid-build, CM/GC, etc.**

End Addendum Number Two
