1. Responses to questions:

Question #1:

Bathroom current configuration is not currently ADA compliant with bathroom stall widths. Will the project include revising the bathroom stall widths for ADA compliance?

Answer #1:

The current scope is to replace like for like with no reconfiguration for ADA compliance. Further conversations may be had to revise if budget allows through the design process.

Question #2:

Can the design for the previous phase be shown for reference?

Answer #2:

The plumbing portion of the Phase 2 design set is included in attachment 2. They are intended for informational purposes only and are not meant to represent the final design.
