ITEM NO.

1. Table of Questions and Answers received to date:

Item	Question	Answer
1	<i>What is the age of the existing roof?</i>	The roof is original (1990-1992). As part of the DPW Deferred Maintenance project, we just received a comprehensive roofing evaluation report for the entire campus. In that report the Evergreen roof was recommended to be replaced and will be completed under the Deferred Maintenance project.

2	<i>Will existing drawing be provided?</i>	We have scanned copies of the original construction plans that we could provide during design. We do not have any CAD files.
3	<i>Have there any improvements to the bldg. since construction?</i>	There have been a few subsequent improvements. We would have these plans that could be provided to the selected design firm.
