Meridian, Idaho

CMGC RFQ - ADDENDUM NO. 2

The following addendum applies to the above referenced project and is included as part of the Request for Qualifications (RFQ). **Acknowledge this addendum within your cover letter of your submittal.** Please make certain to include a specific contact name and email address for future correspondence with the cover letter.

Clarifications: (clarifications in **bold red**, below)

1. Section C Technical Approach to Project:
In order to allow for better clarity in the response to this Section, the limit in length to 1,600 words is hereby deleted. Provide a response that is of a number of words that you feel best conveys your information.
2. Question: Is there an overall page limit in any of the sections?
There is no overall page limit for the submittal, but you still need to adhere to requirements for specific sections (i.e; Section B). If one particular section does not state page limits, you can provide what you feel is necessary to address the requirements of the section.
3. Question: Regarding the 5 printed copies – are there any specifications to follow or will single sided and spiral bound suffice?
The requirement is for five printed copies. How you choose to assemble or bind them is up to you. Spiral bound is common.
4. Section A Cover Letter and Basic Qualifications:
The information requested in Section A is intended to be contained in one page.
