

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the Division of Public Works, State of Idaho, at **502 N. 4th St., PO Box 83720, Boise, Idaho 83720-0072** until **2:00 p.m.** local time, on **Thursday, July 16, 2026** for **DPW Project 26191 S. Campus Power Loop Connection - Exterior, Boise State University, Boise, Idaho.**

A description of the work of this project can be summarized to include the existing medium voltage (MV) backbone cabling from switchgear MCSG section 329 to pad mount switchgear S350 shall be demolished. This demolition will be required to be completed prior to pulling new cabling through the south loop connection. The new south loop connection shall be pulled in as much as possible prior to demolition to limit the amount of time between demolition and installation of the completed loop. New MV sectionalizer cabinets shall be installed along the route for terminations. The project shall utilize the existing conduit pathway from pad mount switchgear S3 50 through the MV south loop with new ductbanks from the existing manholes to the sectionalizers installed. Coordination with BSU facilities for proper switching of circuits during demolition is a top priority to ensure the backbone is kept active for the duration of the project.

Proposals will be opened and publicly read at the above hour and date.

Plans, specifications, proposal forms and other information are on file for examination at the following locations:

State of Idaho Division of Public Works, 502 N. 4th St., Boise, ID 83702 (208) 332-1900
Associated General Contractors, 1649 W Shoreline Dr., Ste. 100, Boise, ID 83702 (208) 344-2531
